Take a Walk with Us!

Math & English

Graded Learning

Tuesday

Join us, for a day of critical thinking and application, as we connect the skills of Math and English to our everyday world and the lives that we live.

S.T.E.A.M.

Think it! Build it! Test it!

Wednesday

By combining a variety of subjects and abilities, we can explore the areas of Science, Technology, Engineering, Art & Math.

To Think of an Idea, a project or a task, Design and collect materials, then Construct that idea with the goal of Testing out our prototypes.

Theatre & Fine Arts

Sets, Characters, Action!

Thursday

Creativity, Group Collaboration, Hands-on Application, Inspiration and Performance, these are just some of the learning experiences on Theatre day.

Have you ever performed a skit for your parents or relatives, or wanted to...?

This is your chance to learn all about the different ways to Create Characters, Set the Scene and give them a voice, your voice.
